

### County Defense Council Favors Internment

County officials, cooperating 100 per cent with federal FBI men in the removal of enemy aliens from the vicinity of vital defense plants, took immediate steps to make available temporary camps for such internment

as might be deemed advisable. Antelope valley was known to be favored for confinement of some of the aliens picked up by the sudden swoop of federal agents into the Terminal Island Japanese colony Monday. Former CCC camps may be utilized in other instances for short periods, or as needed.

County supervisors reiterated their cooperation following a meeting of the county-wide Los Angeles County Defense Council of some 100 members, held Monday at the Hall of Records. Practically every city and unin-

corporated community was represented, Torrance by Police Chief John Stroh.

Registration in Progress Today, in every postoffice in the land enemy aliens were complying with the order contained on a special notice written in German, Italian and in Japanese symbols. Citizens of these three Axis nations were commanded to register, and postoffice writing desks were occupied by men and women filling out long questionnaires.

Action of the county defense council in advocating internment

of all enemy aliens was unanimous. Drafted by County Assessor John R. Quinn, it stated that "the safety of our country demands that we guard against every source of sabotage and espionage that would be of aid to our enemies."

Federal funds for caring for destitute Japanese were being sought by the supervisors in an appeal to Washington.
